THIS HOUSE RULES

This house does rule! And it also has some rules. Please take a few minutes to go over all the rules with everyone in your group. We want everyone to enjoy their time, laugh, have fun and make memories. These rules assure everyone is safe and that noise levels don't reach a threshold that bothers our neighbors.

- **QUIET TIME:** Quiet time is from 10:00 PM to 8:00 AM
- **OCCUPANCY:** Maximum number of occupants shall not exceed 16 at anytime.
- **NO SMOKING:** Guests that smoke or vape in the house will be charged a \$750 fee to remove odors.
- **NO CANDLES:** No candles are allowed in the house.
- **NO PARTIES:** No Parties or Events. Refrain from making excessive noise or inviting guests during very late or early hours. Any complaints are grounds for immediate removal and forfeiting any payment.
- **BREAKAGE:** Dishes or glasses can break. If something breaks please let us know so we can replace it.
- **PLEASE BE RESPECTFUL:** Treat the home and contents with the respect that you would want your home to be treated like. We want you to have a peaceful, memorable, and safe time in our home. Smart home devices are used in this home and they measure decibel levels throughout the property. This allows us to monitor noise levels without disrupting your stay. Please know this is 100% privacy compliant and required to stay in this home. If noise levels are too high it could result in being asked to leave the premise.
- **HOT TUB:** The Hot Tub water has been treated to ensure it is correctly balanced. A hot tub poses similar risks as swimming pools, as well as having their own dangers. Use the hot tub at your own risk.
 1. The hot tub is to be used responsibly and is not to be used as a substitute wading pool by children. Allowing children to jump or dive into the water is not permitted under any circumstances. Children must not use the spa unsupervised at any time. No infants or toddlers in the spa.
 2. Please shower before using the tub to remove make-up, sun-screen, insect repellent or any other oil-based products.
 3. Only clean swimwear may be worn in the tub as the chemicals in the water will remove the colored dyes found in ordinary clothing, causing them to leach into the water and turn it cloudy.
 4. Prevent accidental drowning. Leave the hot tub cover on and locked when the spa is unsupervised.
 5. Prevent Hyperthermia. Understand that alcohol and other medications greatly increase the chance of hyperthermia – the opposite of hypothermia. This occurs when the internal body temperature reaches several degrees above the normal temperature of 98.6 degrees.
 6. Glass. Don't do it, don't ever bring glass in to the hot tub.
 7. Do not use a hot tub if you are taking any medication that makes you drowsy or affects your circulation; if necessary, check with your doctor. Pregnant women and the elderly should also consult their doctor before using a hot tub.
 8. Do not use the hot tub if you are under the influence of alcohol or drugs as your judgment could be impaired and you could become unconscious and drown.
 9. People with cuts or external infections should not use the tub.
 10. The hot tub is on a regular cleaning schedule. On rare occasions, you may not be able to use the tub for a short time after it has been serviced. We apologize for this inconvenience, but it is necessary to keep the tub sanitized.
 11. Limit your time in the hot tub to 15 minutes.

BEDROOMS

You will find the room names on the front of the bedroom doors. This is done to help identify each room since normal terms like Master Bedroom or Primary Bedroom doesn't really work in this house. The house was designed from the beginning to be a shared home and truly has 4 equally special bedrooms that each have their own private attached bathroom. All 4 of these bedroom suites have King Beds. You'll find the firmness of the mattresses is listed under the bedroom name on each door. This is done so guests that likes a firm or soft bed can select a room with a bed that maximizes their comfort. You'll also notice that none of the bedrooms share a common wall. By design the house floor plan was laid out so any noise from bedrooms would be buffered and not transfer to other bedrooms. Soundproof walls and soundproof floors were also installed in select places to assure that someone flushing a toilet upstairs would not wake up a guest sleeping downstairs. Even the plumbing pipes in the walls were wrapped with sound deadener and then insulated before being encased within plywood all before drywall was installed. We were thinking about earning your **5 STAR REVIEW** during every stage of the build process.

AMENITIES

From the commercial quality game room to the steam shower and the absolutely amazing views from the hot tub, regardless of the weather there's almost always a fun or relaxing amenity for you and your guests at The West Rock. This **QR Code will take you to a list of videos on YouTube that show you how to work and use the many amenities at The West Rock.**

HOT TUB

After a fun day at the beach you can take a dip in the oceanfront hot tub. There's a privacy cabana curtain that can be used to create your own piece of private space while enjoying the tub. The cabana curtain is clipped in place on the corner post near the hot tub. Please store the cabana curtain back in place when not in use. Use the hot tub at your own risk. Follow the Hot Tub rules shown under the House Rules in this guide.

STEAM SHOWER

Experience a luxurious Steam Shower that's designed to relax the body and mind. With heated tile floors, heated shower floors, heated bench seats, and even heated seat backs, you will be wowed by the steam shower even when using it as a standard shower. The steam allows you to take it to another level. This shower also has a custom **bluetooth sound system** inside the shower that allows you to enjoy our favorite music separate from the main house sound system. Connect to **"THEMRASOL"** with your phone to play music in the shower. Please use the Airmada blow drying system after steam shower use. The controls are on the wall next to the light switch.

GAME ROOM

The epic Game Room is something you have to see to believe. Parents will love the Imagination Station magnetic wall where STEM learning is made fun. Young kids will love the Wooden Train Set & Activity Table. There's bountiful Board Games to play as well. You can almost hear the kids and adults giggling as they laugh with joy at all the things to do.

AMENITIES (Cont.)

BBQ

Sitting just outside the pass through folding kitchen window and overlooking the beach is a custom 7' wide 316 stainless steel BBQ with 3 gas grills and a built in Infrared Grill that produce restaurant quality sear without drying food out. To use the BBQ you'll need to first turn the gas on by turning the 60 minute safety shut off dial on the right hand side. The 60 minute dial is an automatic shut off in case anyone forgets to turn the BBQ off. After that it's just like lighting a normal BBQ. Hold down the RED button in while turning the burner dial to ignite. You'll hear the clicking sound of the ignitor. Once the BBQ lights you may need to hold the red safety button down for a few moments while the burner gets up to temp. If the burner does not ignite within 10 to 15 seconds, give it a break and a chance for the propane to dissipate before trying again.

GAS FIREPLACE

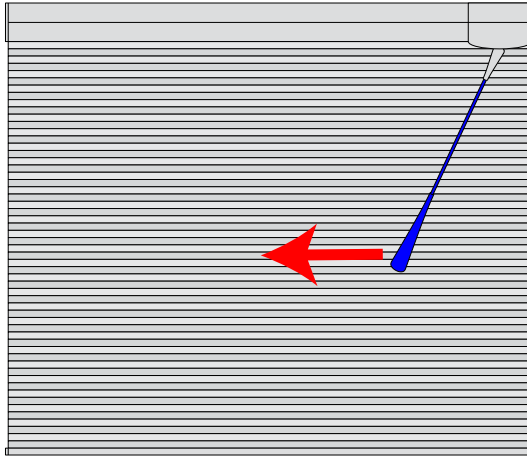

The gas fireplace in the living room is a wonderful place to cozy up to while hanging with family and friends or watching the latest movie on TV. To turn the fireplace on simply turn the timer dial to the right on the fireplace that is next to the built-in cabinet. Once you turn that dial on you will hear a beep and about 10 to 15 seconds later the fire will start up automatically.

LA-Z-BOY COUCH & RECLINERS

Top end La-Z-Boy couch and recliners offer a comfortable place to relax while you sit by the ocean or kickback on the couch.

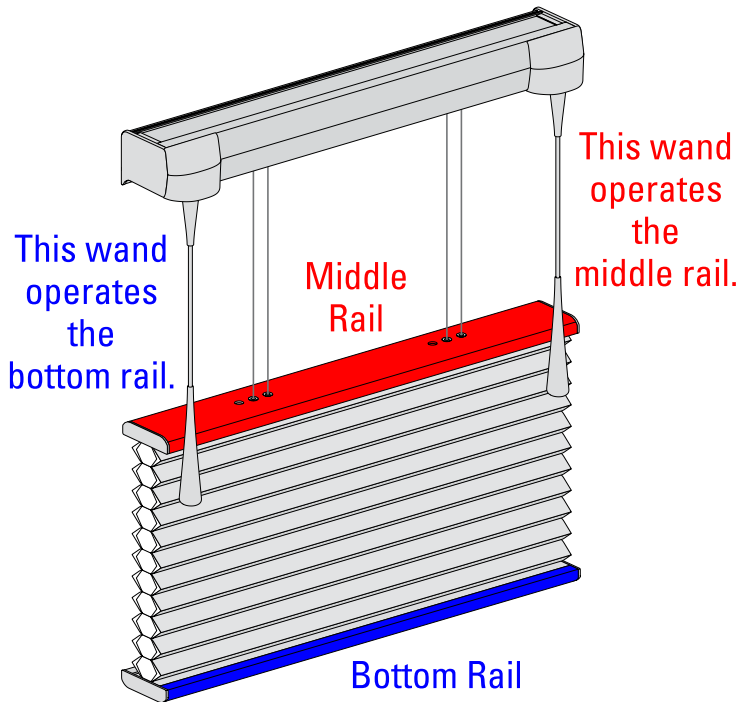

AMENITIES (Cont.)

To Lower: Pull the wand toward the center of the shade and release.

To Raise: Pull the wand straight down with short strokes.

WINDOW BLINDS

The window blinds are Top-Down/Bottom-Up. That means the top and bottom rails can be operated independently of each other. The BOTTOM can be raised or lowered like a normal shade however unlike normal shades the TOP can also be raised or lowered. For smooth operation, keep the wand close to the fabric when raising and lowering the shade.

TO LOWER THE SHADE Pull the wand toward the center of the shade at about a 45° angle. The locking mechanism at the top of the wand releases with a "click." The shade lowers as you allow the wand to return to the vertical position. **IMPORTANT:** The wand must be pulled in close to the front of the shade. Do not pull the wand out away from the shade.

TO RAISE THE SHADE Pull the wand straight down or slightly toward the outside. With each stroke the shade partially raises. Allow the wand to retract after each downward stroke. Use multiple strokes until the shade reaches the desired position.

IMPORTANT: You must first lower the bottom rail before lowering the middle rail. Likewise, you must first raise the middle rail before raising the bottom rail.

AMENITIES (Cont.)

HEATED TILE FLOORS

The tile floors in both the Oceanside bathroom and the Steam Shower bathroom are heated. The Oceanside shower tile floor is also heated as is the floor, seats, bench and seat backs in the Steam Shower. The thermostat to control the floor heat is located in each bathroom. The thermostats are wifi controlled so if you need help setting them please reach out to us and we can attempt to adjust them remotely.

SMART GLASS (Oceanside Bathroom Shower)

The window in the Oceanside bathroom shower is Smart Glass. Smart Glass is a type of glass that can change its optical properties in response to electrical or thermal signals. It's also known as switchable glass, dynamic glass, and smart-tinting glass. The switch to control the shower Smart Glass is on the shower wall entrance near the door. By switching the Smart Glass on you will be able to shower and enjoy a view of the ocean and beach.

This On / Off sample shown is not at the property

AMENITIES (Cont.)

SMART GLASS (Rockview Bathroom)

Both windows in the Rockview bathroom are Smart Glass. Just like the Smart Glass in the Oceanside shower, by switching the Smart Glass on you will be able to enjoy a view of the ocean and beach. However, with the window in the Rockview Bathroom you can also open it to enjoy the sounds of the ocean while relaxing in the tub. The low voltage switches are conveniently located on the wall near the door and a 2nd sets of switches within reach of the tub. This allows you to control the Smart Glass from either location making it super easy to decide when you want the Smart Glass on or off.

PASS THROUGH FOLDING KITCHEN WINDOW

One of our favorite features of The West Rock is the massive pass through folding window in the kitchen. When the weather is right and you can open the window while cooking in the kitchen it's something you have to experience to believe. The sound of the ocean waves washing on the beach combined with the smell of a home cooked meal is what culinary dreams are made of. It creates a seamless transition between the ocean and your culinary creations in the kitchen.

OPENING CASEMENT WINDOWS

Casement windows allow you to safely open the window for fresh air or to listen to the ocean. On warm clear dry nights there's nothing like going to sleep with the sound of the ocean as a backdrop. It's very important that the **WINDOWS ARE NOT OPENED DURING RAIN and NOT OPENED DURING 20+ MPH WINDS.** Damage to the windows or home could result.

AMENITIES (Cont.)

25/40x100 LONG RANGE BINOCULARS

The legendary border-guard Observation Binocular. This is the ultimate optical instrument for terrestrial observation. For decades, this Carl Zeiss-designed binocular was available only to East German and Chinese militaries. The US Government has recently deployed hundreds of these to war zones where they are protecting troops and security forces. This magnificent instrument is available for you to use for free while staying at The West Rock. There's also a couple smaller hand held binoculars in the house.

TOTO BIDETS

There's a total of 4 Toto Bidets in the house. The Toto bidets are known for the high end luxury feel and hands free operation. They offer Heated Seats, Self-Cleaning, Pre-Misting, Air Deodorizers, Ambient Lighting, Drying, Automatic Open and Close for the lid, Massaging Warm Water Stream, Oscillating Water Stream for front and back Cleaning, Automatic Flush and more. They work exactly like a normal toilet

OCEAN SIDE FIRE PIT

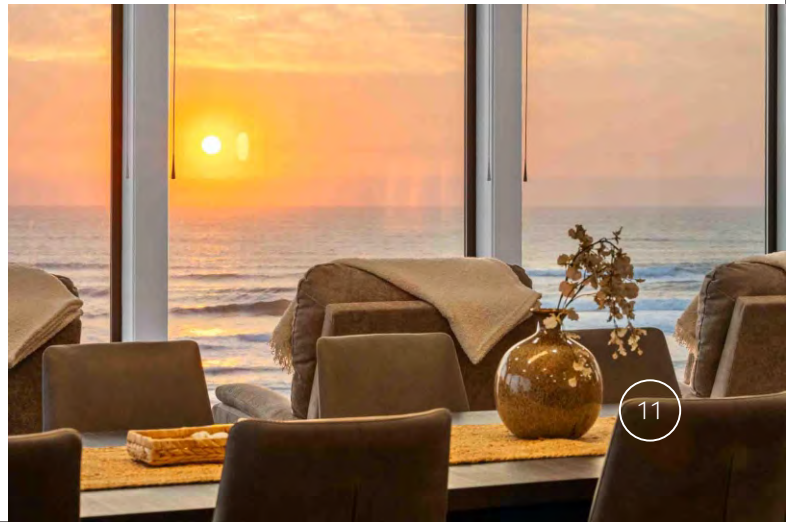

Sit by the ocean side fire pit and enjoy the sounds of the waves crashing while you sit warmly by the fire. You'll need to bring your own firewood, lighter, smores and hot dogs. But don't worry if you forget something. There's normally a few places selling bundles of firewood in town and on the way out to the beach and a small store in town.

AMENITIES (Cont.)

MORE AMENITIES

There are so many amenities that it's hard to list them all. From the Hollywood style makeup mirror to the full house surround sound you will find that we tried to think of everything to make your stay as enjoyable as possible. We work hard to assure that all amenities are fully operational at all times including but not limited to the hot tub and game room. When issues arise, immediate repairs may not always be possible due to our location in a beach town, availability of parts and shipping times of parts. Thank you for understanding that we can not offer discounts or refunds for amenity downtime caused by circumstances out of our control. We do assure you that we'll attempt to make all repairs as quickly as possible.

Stayed 2 Nights in August

We had a truly wonderful stay at this Airbnb. We were fortunate to be the first guest of this house and this will always be memorable to us. This house is perfect for a family vacation by the beach. The house is not only beautiful but also exudes luxury and comfort. The views from the master room and living area are absolutely breathtaking, making every moment here a delight. The house was clean, with everything you need or want in the kitchen or bathrooms. The customer service provided was exceptional—they were always responsive and went above and beyond to ensure our comfort. A special thanks to the host for the lovely handwritten note; it added a personal touch that made our stay even more memorable. Your home feels like a true sanctuary, and we are grateful for the experience. Thank you for creating such a welcoming and exquisite retreat! Truly the best vacation rental we have ever stayed at. Thank you.

Such a beautiful and amazing house! Great place for a big group or a big family! Our family had a great time and experience! Best part of the house was we were able to walk no more than 5min or see the beach from the dinning/family room and kitchen! We do plan to booked this home again in the future with the family again!

Gorgeous home with stunning views

Every detail was meticulously thought out in this home. The kitchen is well stocked with high end appliances and cutlery. The arcade is robust and kept the family entertained all weekend. Equipped with strategically located QR codes, all the nuances of this property are well communicated with brief, high quality videos. The home boasts luxurious amenities throughout.

CODY & JENESA REICH

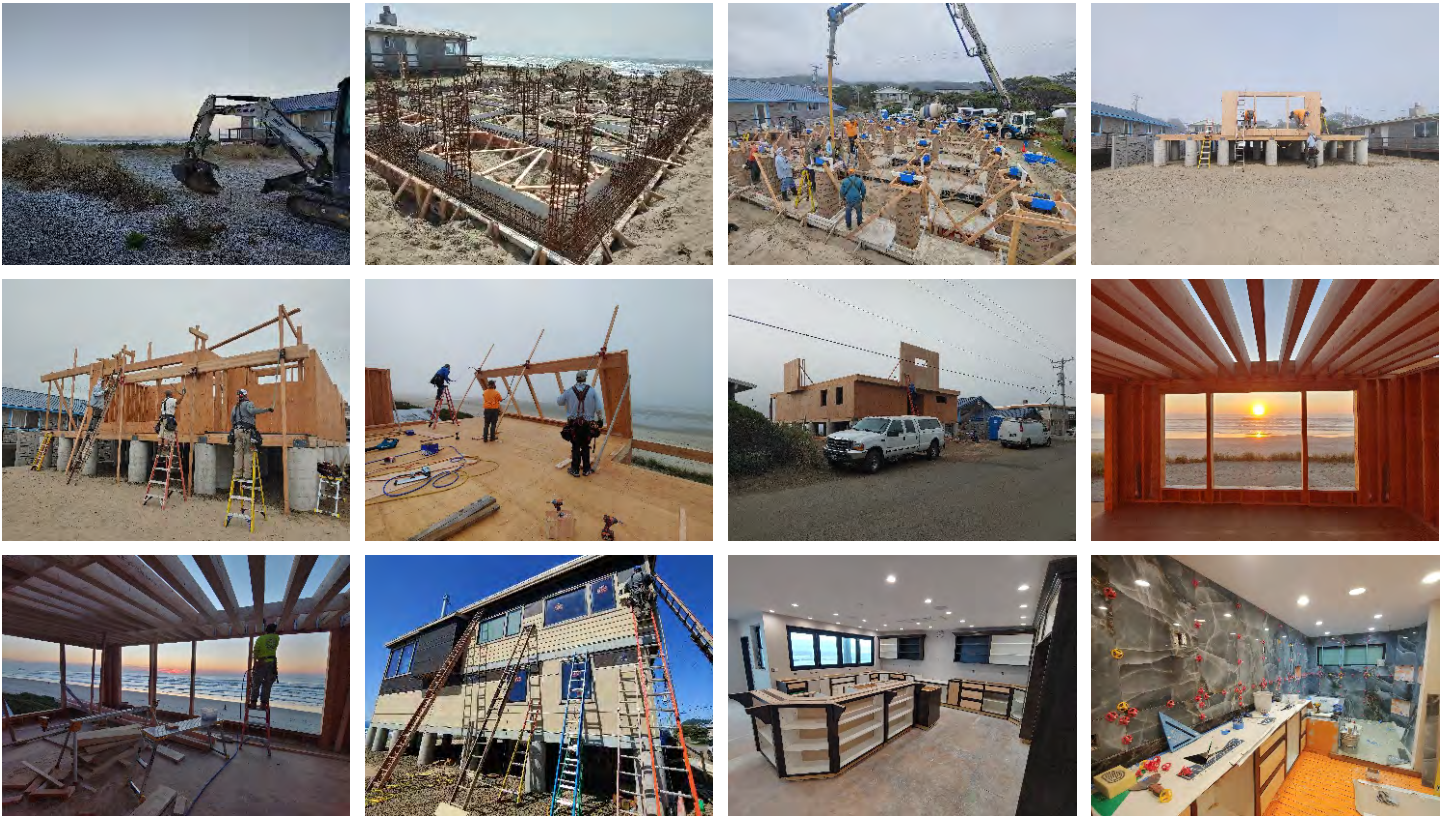

ABOUT US

Cody and Jenesa Reich's journey is truly inspiring! Meeting at such a young age of 13 & 10 years old and then building a life together, they turned their dream of a beach house into reality through perseverance, hard work and creativity. A visit to Rockaway Beach sparked their vision for a home by the ocean. Facing challenges in finding the right property, they didn't give up. Instead, they took a proactive approach by cold calling beachfront lot owners. Their determination paid off when they finally received a call back from a lot owner willing to sell. It was a pivotal moment—they enthusiastically affirmed their interest and made an offer, leading to a successful deal just a few weeks later. With the lot secured, the design process began, setting the stage for their dream beach house. It's a testament to their commitment and resourcefulness, showing how dreams can become reality with hard work and a bit of creativity. None of it would have been possible without the support of great friends, family and fantastic coworkers. A truly rewarding outcome to a wonderful period in their life. Sharing the beach house with others will surely create many more unforgettable memories.
